Attachments: First Gentlemens AV QUOTE 2.pdf

Katherine,

A quote with PSAV projector and pipe & drape is attached; however, keep in mind, we do have our own pipe & drape and projector available for you as I mentioned in my previous email, to keep budget in mind.

Let me know if you need anything else!

Amanda

Please have them send a quote with the large screen and projector.

Thank you,

Katherine

Hi Katherine,

Sarah spoke with PSAV today regarding an updated quote, and he gave us a few options. First, because the tent is not completely enclosed and it will still be daylight, he did suggest using televisions (one or two 50 inch screens) to display the video presentation instead of a projector due to potential glare; however, this obviously would increase the price.

If you would like to keep the price of the original quote, we can display the video with our own pipe and drape and projector, though the quality may be slightly decreased.

I attached the new quote with the TV's (they included two due to the number of guests, but we could always just do one). Please let me know what you decide to do: TV screens with new price, or original quote using our equipment.

Thank you!

Amanda Schultz
