Hello Brian,

With Men's Health Week quickly approaching, we wanted to reach out to and thank Governor Haley for issuing a proclamation for the Week.

We are putting out a press release to let people know that officials in their area have declared Men's Health Week, and we would like to include a quote from Governor Haley. The quote doesn't have to be long at all, preferably 2-3 lines, and the release itself would be put out sometime later this week.

Thanks,
Adam Curtis
