EVERY day is #NationalLighthouseDay at Hunting Island State Park! Do you have what it takes to climb the 167 steps to the top? <https://southcarolinaparks.com/hunting-island/lighthouse>

**Erin Elizabeth** I did !!!

**Cynthia Gansser** My family climbed it many times - even when our sons were young -

Hunting Island and the Curry Cottage will always hold a special place in our "greatest beach vaca. memories."

**Larry Reed** Almost four decades back, I had a job at HI working for Superintendent Marshall West running the park concession stands. One of my many tasks was to climb the lighthouse several times a day to check for any trash people had left. If I remember correctly, it was 187 steps up from ground level to the top, and I got plenty of exercise along the way.

Several years ago, I re-visited HI after a business trip to nearby Savannah. Man... was it just me, or did those 187 steps suddenly become \*much\* taller somehow? 😊
