Office of the Governor

Dear Governor Haley,

Thank you for your leadership during hurricane Matthew. Last night many in our neighborhood met to discuss their hurricane experiences. Included were some "hard & fast" conservative Republicans as well as some equally assertive Democrats.

As we went around the circle discussing our reactions to Matthew's visit to the Lowcountry, we ALL agreed, your leadership was (and is) to be admired and respected. Your announcements were timely and accurate. Thank you again and again . I am grateful.
