Subject: Reminder: First of Two Mental Health TA Calls - NASUAD National I&R/A Support Center TA Call

******All recipients are Blind Carbon Copied******
Please feel free to circulate

Dear Members,

Please find the attached PowerPoint presentations for our January monthly I&R/A Support Center call on Wednesday, 1/9 at 3:00p, ET

The call will review general information about the distinction between Mental Illness and Behavioral Health, common mental health problems that affect older adults and people with disabilities, and Mental Health resources for community professionals. We will have two featured presenters:

- Marian Scheinholtz, Public Health Advisor in the Center for Mental Health Services at the Substance Abuse and Mental Health Services Association (SAMHSA); and
- David Truzman, the Public Education Manager at the Mental Health Association of New York City.

Ms. Scheinholtz will present an overview of common Mental Health needs and resources especially for older adults and people with disabilities, and Mr. Truzman will discuss the concept and comprehensive training model of Mental Health First Aid, a two day training that teaches participants how to recognize the warning signs of an emerging mental health problem in 5 main areas: Depression, Anxiety, Psychosis, Substance Use, and Eating Disorders. We hope that you will participate in the question and answer session at the end of the presentation, or if you prefer, email me with questions during the presentation that I can ask the presenters at the end.

This week's call will lay the foundation for our February monthly call which will cover Mental Health coalitions, the Mental Health support structure, changes in copay rules, and state examples of successful partnership between the aging/disability services network and Mental Health network.

Dial in: **1-888-346-3659**

Access Code: **39660**

A Reminder: we continue to aim for the first Thursday of the month @ 3:00p, ET for monthly calls, however, we occasionally have to deviate to accommodate presenters' schedules.

Thanks,

Sara
