Daimler/Mercedes-Benz Vans is having their groundbreaking event next week, and they would like to put a quote in their press release.

They need the quote by Friday (or earlier).

Thanks,
Debbie

Hey Chaney – The quote that we need to get approved for Daimler is below.

"The great state of South Carolina is becoming even greater with this new full manufacturing plant of Mercedes-Benz Vans – the first one in North America. The Daimler division has experienced a decade of growing success in North America and we are extremely happy and proud to be part of it. A workforce of up to 1,300 employees at Mercedes-Benz Vans in Charleston will make a very positive economic impact on the city of Charleston and the state of South Carolina. Also the new facility will attract further businesses. A great automotive future lies ahead of the region. We're very much looking forward to this new van production hub and the first next generation Sprinter 'made in Charleston' to roll off the assembly line."

If you can get this approved for us as soon as possible that would be great!

Thanks,

Debbie Moise
