To whom it may concern:

Thank you so much for sharing information and lovely pictures of the state parks of South Carolina. We are relatively new to the area and have learned much about South Carolina through this type of venue. I was wondering, is there any way information about events could be posted before the day it is occurring so plans could be made to attend? We would have loved to have seen the riders at Myrtle beach, or have taken a tour of Andrew Jackson state park, but since we are about 2 hrs away from each, plans would have needed to be made in advance. Thank you for all of your hard work and for your consideration.
