RE: Clarification for Executive Order 2015-27

HP

Pursuant to Section 8-11-57 of the South Carolina Code of laws, the Governor issued Executive Order 2015-27 which included information that must be clarified as follows:

In Paragraph 2, Lines 3-4, a correction should be made to include Charleston County having been closed all day on October 2, 2015, rather than closed at noon.

In Paragraph 2, Lines 4-7, a correction should be made to include Orangeburg County.

This clarification effectively grants leave with pay to state employees for a full day in Charleston County on October 2, 2015, and Orangeburg County on October 5, 2015.
