ASCD SmartBrief Keeps You Informed, Engaged and on the Cutting Edge

ASCD is pleased to offer you a **complimentary subscription** to ASCD SmartBrief, the fastest-growing online community for K-12 leaders and decision-makers. Over 205,000 top-level K-12 educators like you use this daily resource to empower their learning, enhance their professional development and stay up-to-date on the latest headlines, trends, tips, how-to's and best practices.

SmartBrief editors analyze thousands of news articles every day and summarize only the most important and relevant stories for the K-12 community. Then, they're delivered right to your inbox, every day, for **free**. In addition, each newsletter features groundbreaking original content from SmartBrief editors, educators and other experts on hot topics such as data privacy and security, funding, STEM, the Maker Movement and much more. Check out the latest issue below.

This trial subscription, made available exclusively to ASCD members, only lasts a few days. Sign up today for FREE to make sure you don't miss a single issue of ASCD SmartBrief.

[Sign Up http://r.smartbrief.com/resp/hueqCdwrpBCUorAaCieifVBWcNetjM](http://r.smartbrief.com/resp/hueqCdwrpBCUorAaCieifVBWcNetjM)

P.S. You will receive two more trial issues delivered over the next two days.

February is Black History Month, which this year has been marked by calls from some to reconsider how the nation -- and schools -- mark the month. Some educators say setting aside a specific month for such lessons can lead to less integration of the topic throughout the school year.

About 75% of middle- and high-school teachers say they address global warming in the classroom, according to a national teacher survey backed by the National Center for Science Education. The survey finds that just more than half teach what most climate scientists say -- that humans are causing recent climate change -- but 30% say that humans are just partly to blame for climate change. Meanwhile, 5% point to no cause for the phenomenon.
