Susan said they will immediately begin working on application to apply for the benefit, and will let us know how they will get the word out. Susan wanted to know if the Governor wants to weigh in the scope of the program. Does she want it to capture all that qualify in the declared counties or just the most impacted areas in those counties. Or, does she just want DSS to figure out the best way to handle.

The Gov has approved this. But she wants to know how DSS gets the word out about this benefit.
