ChartSpan announcing new Greenville County operations
Company investing $3.2 million in new operations, creating 300 new jobs

COLUMBIA, S.C. – ChartSpan Medical Technologies, Inc., a healthcare data company, is establishing operations in downtown Greenville, S.C. The development is expected to bring $3.2 million in capital investment and lead to the creation of 300 new jobs.

Founded in 2013 as a participant in Greenville's NEXT Innovation Center, ChartSpan is a healthcare company that specializes in patient engagement technology and medical managed services. The company allows doctors and patients to engage with each other through mobile applications, portals and chronic care services.

Located at 2 North Main St. in downtown Greenville, ChartSpan's new facility is comprised of nearly 100,000 square-feet of office space and will support the company's clinical support operations.

The Coordinating Council for Economic Development has approved job development credits related to this project. For more information on ChartSpan, visit www.chartspan.com.

QUOTES
"This is an unbelievably exciting moment in ChartSpan's evolution. We have a deep love and affinity for Greenville. The S.C. Department of Commerce, the Greenville Department of Economic Development, NEXT and Greenville city leaders have helped us every step of the way. Our ability to expand in the downtown area is a reflection of a remarkably strong and collaborative partnership established for businesses in the NEXT program and supported by the Greenville Area Development Corporation." – ChartSpan CEO and Co-Founder Jon-Michial Carter

"ChartSpan's $3.2 million investment, and the 300 new jobs it will create, will have a huge impact in Greenville and across the state, and we couldn't be more excited to continue this partnership and watch them succeed here for a very long time." –Gov. Nikki Haley

"Providing the support and infrastructure necessary for our entrepreneurial, technology-based companies to grow is critical to the future of our economy. For this reason, the South Carolina Office of Innovation continues to support organizations like the NEXT Innovation Center, which was a grant recipient during our recent Innovation Challenge. I offer my congratulations to both NEXT and ChartSpan on this remarkable announcement and look forward to supporting both as they continue to create jobs and opportunities in our state." –Secretary of Commerce Bobby Hitt

"Greenville County continues to grow and support cutting-edge technology companies like ChartSpan because of our high quality of life, well-educated workforce and innovative business sector. We are thrilled to see ChartSpan's entrepreneurial spirit and efforts lead to this expansion here in Greenville." –Greenville County Council Chairman Dr. Bob Taylor
