

Governor Nikki Haley

1205 Pendleton Street

Columbia, SC 29201

December 15, 2014

Dear Governor Haley,

I would like to begin with thanks for my appointment by you to the Dorchester County Disabilities and Special Needs Board, and certifications through your office with the CASA/GAL program and SC Vulnerable Adult Guardian Program.

While I have extensive history on numerous boards while living in PA, I admit it is flattering that you have taken the time to thank me.

The next reason I am writing to you, is I am hoping you will give me a block of time to meet with you in person? I understand you are very busy, as well as I am, but it does pertain to this beautiful state which you have greatly enhanced.

I understand that it would be on my part to drive to Columbia to meet with you, which truth be told, I would drive to California if that was where you could meet with me. Please know that I am not inviting you to the Summerville area which is quite lovely and historic.

I anxiously await contact from your office to set up a time/day!

I wish you and your family a wonderful Christmas and a healthy happy New Year!

Thank you again,

Jennifer Barkley
