RLCSC Candidate Survey 2014 Update MSWord 1.doc

Lt. Gov. Bryant,

As you know, I want you to become the next Governor of South Carolina. I am trying to get the RLCSC Board to endorse your candidacy, however like most organizations there is a process they must follow. First you must sign the Liberty Compact, and second, either you or your representative must fill out a vetting questionnaire. I have attached both documents. I'm not sure if our endorsement will help or hinder your campaign, remember we are the libertarian wing of the Republican Party, but I'll leave that up to you to decide.

Either way, I would love to help anyway I can with your campaign. Gerri McDaniel and I have worked on other candidate campaigns in the past and even though we sometimes don't see eye to eye on all issues, we have remained good friends. I have already offered my services to her to help ensure we deliver the majority of Horry County votes to your campaign.

Regards,

Steve Hoffman,

Vice Chairman – Republican Liberty Caucus
