**South Carolina State Parks** We can't email you, cause we don't have your email address; however, the cabins are available from May 31 - June 7, 2010. They normally rent for the week during this time, but we will break the week up if anyone is interested. They sleep anywhere from 4-8 people and run from \$69-\$89/night plus taxes and fees. The cabins are completely furnished and include linens, towels, etc. Hope that helps!

**Joel Penland** I learned how to paddle a kayak at Oconee State Park. It's a great place for a beginning flatwater paddler.
