

November 17, 2014

The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, SC 29201

Dear Governor Haley:

I understand you are considering the appointment of Dr. John (Jack) Feussner to the vacant position on the MUSC Board of Trustees. I know Dr Feussner personally, and I work with him on the National Congressional Medal of Honor Museum Board. Jack is a staunch advocate for veterans' issues and has personally cared for veterans his entire medical career. I know what a dedicated and effective leader he is, not just for the medical profession but also for MUSC and his community more broadly. In my opinion, he is just the type of person MUSC needs in these uncertain times of healthcare reform. Jack is an invaluable asset with so much health care and policy expertise. He is a person of uncompromising integrity and a direct and visionary leader. I urge you to give his appointment your highest consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "James E. Livingston".

James E. Livingston  
Medal of Honor Recipient  
Maj. Gen USMC (Ret)
