

# Gonzales Nursery School Extends Hours Each Day

*The Record* 11/20/44

Gonzales Gardens nursery school, Apartment P-3, which previously closed at 4 p. m., will now remain open until 6 p. m., according to Mrs. Martha H. Bradley, director of nursery school-kindergarten education.

Mrs. Evelyn Fullerton is head teacher of the Gonzales nursery school.

Mrs. Bradley emphasized that these schools are more than day nurseries, their purpose being in part to stimulate intellectual curiosity on the part of the child and to help the child adjust himself socially and emotionally in human relationships.

Children from two to about four years of age are admitted to these nursery schools, which are a preview to kindergarten.
