Hi Beverly, Mike, and Christian,

We have been working to update some of the publications on our website (like the Sales Tax Exemptions and Individual Income Tax Comparison) and hope to have those soon. In the meantime, though, we have also had requests from various sources about other documents that have been produced from time to time.

I am hoping to make the best use of our time this summer and fall and am trying to identify and plan ahead for what we might need for the next budget or legislative session.

Consequently, I would like to get any thoughts on revenue or tax issues that y'all think might be important. I don't need an answer right now, but thought I'd ask in case the budget debate is identifying issues that you think need more research. Feel free to send any thoughts or ideas you may have, but I'll check back again before the session is over.

Thanks,
Frank
