Please join me at the Women's
March on Washington January 21
at 10:00 a.m.

As a newly elected or appointed
leader to this great nation it is
imperative you hear what it was
like for me as an American this
past election season. You need to
listen to my fears, hopes and
ideas.

There is only one way forward
and that is together—united for
the good of all.

I look forward to meeting you
there.

Please remove your
name from consideration
