USGBC South Carolina News & Events

## LEED PLATINUM TOUR 1/19

Charleston, South Carolina

Please join the USGBC South Carolina Low Country as we have an evening of light appetizers, drinks and networking followed by an informational tour of the LEED Platinum Facility, Half-Moon Outfitters.

The Half-Moon Outfitters' new Distribution Center is a renovated, one-story, 9,800 square foot combined office and warehouse located at 1084 East Montague Avenue in North Charleston, SC. The building was originally built in 1940 as a grocery store and was most recently home to a

transmission parts store. The renovation began in early 2006 and was completed in December of the same year. Twelve Half-Moon full time employees occupy the newly renovated building which reflects their cornerstone, environmental stewardship.

Please join us for this exciting tour and learn more about how this amazing team utilized in-house staff, friends and family for much of the design and construction work to accomplish LEED Platinum!
