# Intention to Seek the Presidency of the United States David E. Hall - Republican

I will announce my goal to seek the Presidency of the United States on November 3, 2015.

My experience includes being in education where I taught and evaluated teachers, wrote policy and programs and developed budgets. I was also a home builder which involved setting up a development, building and selling the houses myself.

I have written a book, "ARoad from Ignorance", which describes in more detail my background and credentials. The book also covers some of my positons on major issues such as education, tax reform and health care.

Anyone who donates \$15.00 to my campaign will receive a copy of my book, "A Road from Ignorance". The \$15.00 donation will be the only money collected for financing my campaign for the job of the Presidency of the United States.

Donations received from the voters will be spent printing and mailing the books and for expenses such as travel and advertising. Voters' money will NOT be spent on negative advertising. There will be no paid staff members to do anything on the campaign.

I will make NO negative statements to or about other candidates.

If I am chosen by the people to be President, the Vice President will be Mary Ann Hall. Her experience includes being a teacher, builder, business co-ordinator and concept developer.

Donations may be made at [www.davideameshall.com](http://www.davideameshall.com). All unused donations will be given to the Federal Equal Education Rights Fund.

Together, we will make America much better for ALL of the people!

I want to serve ALL of the people.
