Subject: Draft REAL ID business model

Attachments: Real ID business model.doc

---

Take a look at the attached. I tried to document a workflow for the issuance of credentials under the different phases of Real ID. I am sure that it is not entirely correct, but hope we can use this to work through a process and get a basis for a cost estimate.

Please review and document your questions and suggestions for changes. I will ask Tonya to set up another meeting for us to walk through this and discuss.

Thanks
