

 **scstateparks** South Carolina State Parks Set to Reopen Friday, May 1. - PLEASE READ ALL INFORMATION BELOW: Following public health protocols, South Carolina State Parks plan to reopen on Friday, May 1, on a limited basis. Group facilities like picnic shelters and community buildings, will remain closed for the time being, and visitor gathering places like interpretive centers and park offices also will remain closed initially or will operate on a limited scale. - SCPRT will continuously monitor visitor usage and adjust visitor services as needed to ensure compliance with the guidance provided by SCDHEC and the CDC. - Each state park plans to lower its carrying capacity, allowing a limited number of visitors at once. Levels vary by park. When a park reaches its threshold, the gates will be closed until the number of visitors decreases. - State parks also plan to honor any existing camping and cabin reservations that were scheduled to check in on Friday, May 1, forward. Some state parks will begin taking new reservations for stays that begin May 11 forward, and all park accommodations will come back on line as staffing levels return to normal. - State park Visitor Centers are scheduled to reopen on Monday, May 11, and feature proper signage, physical indicators and barriers in place to ensure the safety of staff and visitors. - All state park retail stores and spaces should open by Friday, May 15. SCPRT will use SCDHEC and CDC guidance to determine the maximum occupancy in these common area facilities in order to maintain social distancing rules and limit contact between staff and visitors. - Due to the difficulty of effectively cleaning equipment, all playgrounds will be closed until June 1. All playground areas will be cordoned off and signed appropriately. - Until further notice, state parks will not conduct park programs or tours of historic homes or other historic structures such as the Hunting Island Lighthouse or Atalaya Castle at Huntington Beach State Park. - Thank you for your understanding and patience during these unprecedented times. Visit our website for additional information. Please stay tuned to our social media and website, for updates and information.

[nathangrayphoto](#) I'm excited to get outside and love the state park system. BUT, this is premature. I really hope you all do your best to hold people accountable and for being as safe as possible.

[ryanlgallagher](#) @nathangrayphoto um there are a number of states that never closed their parks at all. people need to get outside. Sorry not sorry  
at 17:26:55 on 4/22/2020 UTC

[nathangrayphoto](#) @ryanlgallagher I understand the need to get outside. I feel it too. But S.C. virus numbers are going up, not down.  
at 17:38:49 on 4/22/2020 UTC

[ryanlgallagher](#) @nathangrayphoto its not safe to stay inside In uncirculated air.. plenty of room in parks to social distance and you know it.. many many states successfully kept their parks open.. they are not the issue. problem is having so many things closed that everyone congregates in the few open places
