LiDar (Light Detection and Ranging) Ground Elevation Data - Mr. Cullum reported the Committee also reviewed staff's request to participant in the LiDAR project. The estimated cost for the project is \$196,000. FEMA will pay half of the cost for a match of up to \$100,000. Funds will come from the "C" Funds Special Project fund. The Committee asked staff to be sure that there were no redundant services already offered for mapping. The Committee voted in favor to recommend to full Council for approval.

A motion was made by Mr. Cullum, seconded by Mr. Banning to approve staff's recommendations and move forward with the project and that funds will come from "C" Funds Special Project Account.

Mr. Kinard opened the meeting for discussion.

Mr. Derrick asked if the LiDAR will overlay on the County's pictometry.

Mr. Fechtel replied that the LiDAR will actually replace the contours that we have on there now. Yes, it will overlay so you can look at the pictometry and pick out a point to get an elevation.

10-093 - A supplemental appropriation increase of \$5,000 for funds received from the Volunteer Fire Assistance grant award.

Executive Session/Legal Briefing - Executive Session consisting of two contractual and ten legal matters were discussed and completed during the afternoon Committee of the Whole meeting. There were no motions to be considered.

6:00 P.M. - Public Hearing - Prior to opening the public hearings, Mr. Kinard reviewed the guidelines for public hearings. He stated the purpose of the hearing is to obtain comments from proponents and opponents regarding specific subject matter. He asked that each speaker provide their name and mailing address and that comments be limited to three (3) minutes. Mr. Kinard asked that if there was anyone

present who had signed up to speak but chose not to speak, but wanted to concur with what has been said, it was acceptable to indicate concurrence. Also, Mr. Kinard said there will be no disruptions including cheering, clapping, head counts, etc.

Zoning Map Amendment M09-08 - Boyd Miller Circle - Mr. Kinard opened the public hearing.

Mr. Bruce Hiller, Development Administrator with Community Development, presented the information for Zoning Map Amendment M09-08. He stated that the applicants, Levy and Robin Miller, have requested a change in zoning classification from Residential Local Four (RL4) to Local (L) for a portion of Boyd Miller Circle. The reason for the request, as presented by the applicants, is to allow for a group assembly activity (lawnmower track). This is known as Goatfield Race Track. Mr. Hiller reviewed the allowed activities. In addition, Mr. Hiller said there was some confusion whether this section of Boyd Miller Circle had been rezoned. For clarification, Mr. Hiller said this is the original zoning that went into place in 2001.

Mr. Kinard opened the public hearing for those in opposition of M09-08

Opposed:

Frances Miller, 142 Eisleben Road, Leesville, SC 29070 - The reason I am opposed to this, it is not anything personally, is because of the noise and extra traffic that there will be. I don't feel like there is adequate space for this type of thing and the character of people that it will probably bring to our neighborhood, which is accustomed to a nice quiet residential neighborhood.

Larry Miller, 142 Eisleben Road, Leesville, SC 29070 - The zoning is going to affect us on our property.

Mr. Kinard stated no one else had signed up in opposition and closed that portion of the public hearing.

Mr. Kinard opened the public hearing for those in favor of M09-08.

In Favor:

Robin Miller, 2038 Boyd Miller Circle, Leesville, SC 29070 - We started this in 2007 with just four of them in the backyard just for families. We are still going; we still have a good many coming in because we've got them from the age groups of 7 years old to 70. Our hours are from 5 o'clock in the afternoon until 11 o'clock. We get done at 11 o'clock because we have a lot of church members and that is our cutoff time. We have between 100 and 150 people show up to watch us. But as far as the community, in my opinion, we have churches, surrounding churches that bring their groups, their children, and some of their church members. So as far as that, we have the community as far as the churches. Some of them, I didn't know who all come, but I can get a list of those. So we have the support of that. As far as the community, we have just about everyone around come to the house and watch it. As far as a family, let me stress this, we have 23 family units and that is momma, daddy, and children who are racing together. Some of these children are 15 and 16 years old that have not done a lot with their parents over the years. We have brought in something that will make the children and the families be whole again. And, that's one reason why we would like to keep it going. I know they have mentioned the noise, that's no problem. We can put mufflers on them, we can do that. But, we want to keep it a family environment. Everywhere you go, you are going to have some people who drink and hide it and want to start stuff. But, normally we try to keep it all away. We do not allow children congregating. I always make sure that we have somebody there that will protect them. I run a tough track, and you can ask anybody here. They would

rather call the police than call me. I try to keep our families, our children and everything safe. I will get up and stand and tell people, if you are not here to watch the race, go home. I cannot say that I'm not going to have anybody come in drink, but we try to keep it away. My drivers do not drink. You know yourself, when you have 10 or more people you're going to have them up to drink and go on. But, we would really like your cooperation in this. All we are asking is for a family ordeal and I think that is what we have brought together when we have 23 people that brings their families and does things together and come out to the racetrack as a family. I really would appreciate all your cooperation. I have rule books that I make everybody go by. A lot of them here, you can tell by our support system, that we have a big family and that is what we are. When you come down to ours, you are a stranger the first time, the second time you are a member. A lot of them will come by and say we are part of the Miller family. Please, let's keep it a family thing. I know some were talking about it being L (Local) and we really didn't realize that it had changed to R4 until all this was going on. So we appreciate all your cooperation to keep this going so we can have this family thing. You know yourself, if you spend a lot of time with your family, there is not a lot out here that families can go and do things together. Thank you.

Frankie Miller, 2038 Boyd Miller Circle, Leesville, SC 29070 - I concur.

Leonard Rish, 241 Elzie Hallman Road, Leesville, SC 29070 - I live in the community and wanted everybody to know that this is a family oriented get together that we have. I am a grandfather. My wife and I sit on the spectator's side. I have a son, one granddaughter, and one grandson that run a machine on the track, and I can look over and see them and know where they are. They are with their mother and father. I would rather see them there than out at a mall, on the highway, or anything like that. I don't see any problem whatsoever with it. I support Ms. Robin and Mr. Frankie 110% on anything they do and help them any way I could on the track. As far as noise, I don't see a problem with that. We have Pond Branch Highway, which has tractor trailers, etc. on one side, we have I-20 on the other side, 24 hours a day, 7 days a week, and we have a go-cart track on the west side that run on Saturday night and they are top performance machines. I don't see any reason why that road couldn't be rezoned, because as you noticed on the maps coming in, it is only one house on that road before you get to the track. So, you just pass one house and it's right beside the track. I don't see any objections because most of the time that is where the neighbors and everybody are on Saturday night – watching the lawnmowers race. It is just a family oriented good place to be. I would appreciate anything you all can do to get it rezoned and work with the Millers to get it so we can keep on doing it. Because everybody has their own little machine and they enjoy working on it during the week and on Saturday night they get to try it out. So, it is just a fun fellowship thing that we have going on and it has grown from the time it started to now. That's where the problem came in, everybody likes it and everybody is coming. I see neighbors in the community at the track and that's the only time I ever see them. So, it is just a good get together, just like a backyard barbeque or family reunion. I appreciate everything anybody can do for us. Thank you.

Nellie Rish, 241 Elzie Hallman Road, Leesville, SC 29070 - I concur.

Matt Harden, 5553 Two Notch Road, Leesville, SC 29070 - I concur.

Mark Harden, 5553 Two Notch Road, Leesville, SC 29070 - Up until a few years ago when they started their track, I always knew it was there, but never really participated. But, last year Ms. Robin actually called me. I have always been affiliated with flagging, I do dirt-track racing flagging and that kind of stuff. She finally got big enough and enough participants that she actually needed somebody to help her with that. So, she called me and got me involved with that. It is completely a different atmosphere there at her track, as far as racing is opposed to racing at I-20 Speedway, Murdock Speedway,

some of those big tracks. It is more a family oriented type thing. One of the biggest things she put me in charge of is to keep the fighting, etc. down, which is one thing we don't put up with, off the track or on the track. We do tend to it pretty well; we don't put up with it. We will ask somebody to leave right in the middle of a race if we need to. Again, concurring with Ms. Robin and others that spoke, it is really a family get together type deal and we enjoy it. Thank you for your attention to this and hope things go our way with it.

Kathy Corson, 300 Elzie Hallman Road, Leesville, SC 29070 - My husband got involved in this about a year and half ago and before that there was nothing to do on Saturday nights. Nowhere to go and let everything out, the worries of the bills and the worries of everything that is going on. Probably five out of seven nights a week he is out in his shop messing with the lawnmowers and it is such therapy and it has been such a good thing in our lives. My teenage daughter, who I have had problems with in the last year, has gotten involved with this and has gotten involved in the track and the family atmosphere. As far as the crowd it brings – there are bad crowds at Wal-mart; you can't avoid those. The crowd there is awesome. It is a good family thing. Thank you for listening to us.

Matt Corson, 300 Elzie Hallman Road, Leesville, SC 29070 - Like my wife just said, I got involved with this about a year and half ago and it has been therapy for us. It has brought our family closer. We feel like we should be Matt Miller. I just finished building my eighth lawnmower just because it's that much fun; I enjoy it. Anything you can do to help us out we would greatly appreciate it because it's a bunch of people over there and we are all family and that's what we look forward to. Every two weeks we get to meet with our families, just like a Sunday afternoon with your family. So, whatever you can do for us, we would greatly appreciate it.

Tori Day, 300 Elzie Hallman Road, Leesville, SC 29070 - Like my mom and daddy just said, I have done a lot of bad stuff and honestly I'm very sorry for doing all that. This takes a lot of stress off of me. It is something about racing, it lifts my spirits up and changes the way I look at things. On Saturday night, that's my fun. So, I would really appreciate it if you didn't take that away from the kids that race here. Thank you.

Joseph Gartman, 2526 Pond Branch Hwy., SC 29070 - I concur.

Pete Rogers, 465 Calmont Drive, Swansea, SC 29160 - I concur.

Jesse Poole, 861 Broad Street, Leesville, SC 29070 - Frankie and Robin is my family. I don't see where there's a problem with the opposed, and I don't have any problem with them; they are family members. They come watch the race also and they sit in here complaining about noise, but they are there watching the race also. So, that's all I want to say. I just hope we don't take anything away from them; they are family members. They come watch it also. I don't see why they are opposing it. Thank you.

Bobby Rish, 165 Elzie Hallman Road, Leesville, SC 29070 - I concur.

Deanna Rish, 165 Elzie Hallman Road, Leesville, SC 29070 - I agree.

Jeremy Rish, 165 Elzie Hallman Road, Leesville, SC 29070 - I concur.

Ezell Poole, Leesville, SC - I agree.

Bobby Lawson, Leesville, SC - I agree.

Thomas Poole, 238 W. Creek Road, Leesville, SC 29070 - This thing has been going since 2007. I got two boys, 20 and 17. They had their disputes among each other. This thing got started; I got them involved in it. Robin and Frankie called me, which is family, and I got the boys involved. Right now they are real, real close to one another; even to my ex, who is their mother. I got her on a cart riding. It is a family thing. It has brought the family together. That is all it is – a big family thing. Anybody against it should come and watch and see exactly what goes on and I think everybody will be really surprised when they come. Like they say, everybody is welcome and when you come you are family when you get there. You are treated like family.

Bobby Bennett, 170 Windy Hill Drive, Gilbert, SC - Mr. Frankie and Ms. Robin are two of the best people you would ever want to meet. Like they said before, you come there one time you are visiting, the second time you are family. They do more for this place and all these people than all you could ever imagine. They take out of their pockets and they have barbeques, chicken bog dinners, and get togethers. I have nine grandchildren, and I have three of them who want to race this year. All these people out here will come up and say the same thing that this Goatfield Speedway is one of the best things that has happened around there because you don't have to worry about where your children are. They are not out in the street; they are not out drinking; they are not out doing drugs. It is a family oriented deal. They are all right there. Like you have heard a bunch of them say, it has brought families closer together and in this world and time right now, family is everything. Family is a lot. I thank you for everything you can do for us.

Stacey Miller, 223 Lauia Brodie Road, Leesville, SC 29070 - I agree.

Mark Gantt, 5223 Two Notch Road, Leesville, SC 29070 - I agree.

Michael Long, 159 Elzie Hallman Road, Leesville, SC 29070 - I agree.

William Dinger, 2588 Peak Road, Pomaria, SC 29122 - I concur.

Chad Wooten, 271 Poplar Springs Road, Leesville, SC 29070 - I appreciate your consideration of leaving this open and my little girl was telling me back there a little while ago that you need to tell them that I need a place to race. She rode her first go-cart yesterday and now she is begging me to get her one.

I've got three. She enjoys going down there; she enjoys Mr. Frankie and Ms. Robin. I met them last year for the first time and went down there when they were doing some stuff down there and like they said if you go down there one time you are a visitor, second time you are family. I call them my second mom and dad. In fact, every time she calls or I call her I say, what's up momma? Because that is the way it is. I would appreciate anything you can do.

Lynn Smith, 829 Gary Hallman Circle, Leesville, SC 29070 - I agree.

Amy Wooten, 271 Poplar Springs Road, Leesville, SC 29070- I agree.
