Thank you for getting back in touch with me so soon. I am drafting a calendar proposal for the next 5 months and will run it by our chief of staff after I get this kind of information from county parties around the state. I sincerely thank you for this information as it is everything that I needed. [I will get in touch with you as soon as possible with more definitive scheduling possibilities.](#)

Thanks again,

Hayden Grooms

Hayden,

I am the current Chairman and contact for Lexington County Republican Party. Our Executive Committee typically meets the first Monday of every month at River Bluff High School located at 320 Corley Mill Road which is right off of I-20 & Highway 378 in Lexington. We meet in their Law & Policy Center.

For our March meeting on 3/6/17 we are having our Reorganization meeting which is done every non election year to reorganize the precincts.

Would love an opportunity for the Lt. Governor to come speak either at the April Meeting or our County Convention that will be held in April as I know our folks would love to hear from him. The dates are below and if you have any questions or if we can help Lt. Governor Bryant in any way.

- April 3, 2017 - Executive Committee Meeting 6:30PM
- April 22, 2017 - Lexington County Republican Party County Convention 9:00AM

Thanks,

Craig T. Caldwell

Good morning,

My name is Hayden Grooms and I am the director of External Affairs for Lieutenant Governor Bryant. The information posted on the SCGOP website seems to be outdated, so I am contacting various Republican Party clubs and associations throughout the state to try and update this information. I hope to be able to propose a calendar to the Lt. Governor detailing some possible events that he could attend to address local issues with local party members.

I am wondering who would be a good contact, if not you, to schedule these events and possible speaking engagements. Where the meeting is located? Lastly, what is an estimated average number of attendees so that, if need be, we can prepare the correct amount of literature?

Thank you for your help and your service to the Republican Party.

Sincerely,

Hayden Grooms
