Hi Gloria

A quick note to congratulate you and your staff and agencies for setting a new all-time 12-month record for client contacts for the period ending in Dec 2013.

Technically, we still have a couple of days left in the reporting period for OND 2012, but you have already set a state-best record.

Feel free to share with your bosses, staff, agencies as you wish.

Thank you for your hard work, especially during this busy open enrollment season.

Call or email if questions.

See attached.
