

AGENDA
South Carolina Board of Environmental Certification
Board Meeting
10:00 a.m., May 14, 2013
Synergy Business Park
Kingstree Building
110 Centerview Drive, Conference Room 108
Columbia, South Carolina

1. Meeting Called to Order

- a. Public notice of this meeting was properly posted at the S. C. Board of Environmental Certification Office, Synergy Business Park, Kingstree Building and provided to all requesting persons, organizations, and news media in compliance with Section 30-4-80 of the South Carolina Freedom of Information Act.

2. Application Hearing

- a. Gonzalo Luis Castrillon-Water Treatment

3. Approval of Excused Absences

4. Approval of the March 12, 2013 Minutes

5. Chairman's Remarks-William Armes

6. Administrator's Remarks-Lenora Addison-Miles

- a. Advisory Opinions, If Needed, Office of General
- b. Legislative Update, If Needed, Legislative Liaison Office
- c. OIE Report-Office of Investigations and Enforcement
 - i. Use of Citations for unlicensed practice pursuant to 40-23-95
- d. OGC Report-Office of General Counsel

7. Structured Shadowing Program for High School Students

8. Discussion Topics

- a. Age and Education requirements for obtaining Trainee License
- b. Application of accessible supervision pursuant to 40-23-20 and Direct supervision pursuant to 51-5

9. Committee Reports

10. Public Comments

11. Executive Session

SC Board of ECB Meeting

May 14, 2013

12. Return to Public Session

13. Adjournment

The next meeting of the S.C. Board of Environmental Certification is scheduled for July 9, 2013, Room 108.

MINUTES

**S. C. Environmental Certification Board
Tuesday, May 14, 2013, 10:00 A.M.
110 Centerview Drive, Kingstree Building, Room 108
Columbia, South Carolina 29210**

The invocation was given by Hank Rutland, followed by the Pledge of Allegiance.

Meeting Called to Order

William Armes, Chairman, of Simpsonville, called the regular scheduled meeting of the S.C. Environmental Certification Board to order at 10:04 a.m. Other members participating in the meeting included Vice-Chair, Elizabeth Williams, of Sumter; Mitch Dew, of Latta, Dwight Johnson, of Jefferson; Jimmy Rodgers, of Greenwood, and Hank Rutland, of Orangeburg; arriving late, was David Baize, of Irmo.

Staff members participating during the meeting included: Lenora Addison-Miles, Administrator; Georgia Lewis, Advice Counsel; Kristina Baker, General Counsel; Yolanda Rodgers, OIE; and Theresa Garner, Program Assistant.

Public Notice

Chairman Armes announced that public notice of this meeting was properly posted at the S. C. Board of Environmental Certification Office, Synergy Business Park, Kingstree Building, and provided to all requesting persons, organizations, and news media in compliance with Section 30-4-80 of the South Carolina Freedom of Information Act.

Section 40-23-40

The purpose of this board is to protect the general public through the regulation of persons engaged in occupations appointed by the legislature for regulation by the board. These occupations are referred to in Chapter 23 collectively as Environmental Systems Operators.

Application Hearing

Gonzalo Luis Castrillon-Water Treatment

Due to a conflict, Mr. Castrillon called and requested postponement of his appearance until July 9, 2013.

Excused Absences

All board members were present.

Approval of the March 12, 2013 Minutes

MOTION

Dwight Johnson made a motion to approve the March 12, 2013 meeting minutes as presented. Mitch Dew seconded the motion which carried unanimously.

Chairman's Remarks-William Armes

Mr. Armes welcomed everyone and stated he believed all items on the agenda could be addressed at this meeting. He invited everyone to speak freely, and state their positions. He said one of the topics for discussion would be ways to attract young professionals into the operator profession. He praised board members for the exceptional job they have done in responding to the regulated community.

Administrator's Remarks-Lenora Addison-Miles

Mrs. Miles gave an update on the Bottled Water Exam. She stated the last correspondence she had with ABC was on April 23rd, there were four questions on the exam that were not written in the proper exam format and required some grammatical changes, which have been updated. ABC will send the file to AMP in order to start the process for launching the examination around June or July. Mrs. Miles said the Bottled Water CE requirements were posted on the website on May 2nd, and notices were mailed to all current Bottled Water Operators on May 3rd. The notices informed operators that they would need to start obtaining CE's beginning July 1, 2013.

Office of Investigation and Enforcement (OIE)

There was no report given.

Use of Citations for unlicensed practice pursuant to 40-23-95

For the board's review, and consideration, included in the board packets were examples of various violations referenced to in the Statute, Section 40-23-95 Administrative Citations. The board revisited the option to regulate and issue citations for certain individuals that choose not to seek a license. This would allow investigators to issue citations for unlicensed practice that falls within the statute. For example; in the past the board was concerned an operator may have operated improperly but immediately realizing the situation possibly the agency caught the situation and corrected what they were doing. Therefore, this board felt the matter had been resolved and should not come before them. Advice Counsel, Georgia Lewis said if an Investigator issues a citation the licensee can protest and the citation is stayed, they have 15 days to appeal. She said Section 40-23-95 spells out the whole citation process. Chairman Armes asked board members, in their opinion, would citations help the profession and help the board expedite these cases when it is obvious the person is doing something wrong?

He asked if the board was interested in issuing citations. Was there any limiting use that should be pointed out and put into place for the investigators? David Baize stated that if an inspector came upon someone drilling without a license, certainly that was clear. He said the remainder was really beyond their technical abilities, the inspectors could not tell if the well was properly grouted and water well record forms do not have to be submitted to DHEC until after the well is drilled. Mr. Baize asked what could a field inspector do if water well records were not submitted within thirty to sixty days after the well was drilled. He said he agreed with what chairman Armes was saying regarding malpractice verses clear unlicensed practice.

Mr. Baize stated the reason you have fellow professionals judging malpractice because they are in a better position to do that. He said he would have concerns regarding LLR Inspectors in the field making certain judgments as opposed to someone from DHEC.

Georgia Lewis, Advice Counsel, informed the board that all the information that was presented were examples of various violations. She said the board could have the citations as limited as they wanted or expansive. She suggested they appoint a committee to review the possibilities, and perhaps meet with the investigators and get an idea of the more frequent things they come up with and report back to the board. Mr. Armes proposed that the two sections of the statute that would affect the past discussions
