Subject: Good seeing you!

Katherine,

It was great seeing you today. I hope all is well in your world. I will tell Marianna that you asked about her.

It was pretty cool for Governor Haley to do that today. It really means a lot to those of us who suffer from diabetes to bring awareness. If you all ever have any questions from the ground level on how it effects our state let me know.

Take care and let the Governor know that she will get my vote again this go round.

Jonathan A. Barbrey
