I'm looking to camp this weekend at Crowders Mountain and I see its full except for Equestrian Campsites? That means people who bring horses right? Are we allowed to camp there if we don't have horses?

Crowders Mountain is in NC, it is not a S.C. State Park.

I have spoken to the manager at Kings Mountain and you may camp in the equestrian campground if the other one is full. Please be aware that these are primitive sites with pit toilets, no showers, no electricity.
