**Subject:** Experian Constituent Call

---

Katherine,

I received a call from Mr. David Aelley who is a constituent of Senator Reese. He is having a problem with service from Experian because neither he nor his wife have a credit history over the past ten years. Apparently, he was told to call another number since he had no credit history, but he received a recording. He also tells me he is very frustrated.

So, would you please get someone with knowledge of the process to call him today. His number is 864-439-2833.

Thanks, Mike Shealy
