Attention: The Director of Human Recourses
Cc: The Honorable Nikki R. Haley

This letter is in reference to my being denied three positions with Berkeley County which are as follows: Transportation Officer # 100852 applied for in November 2013, Detention Officer # 100917 applied for in June 2014 and the last was Detention Officer # 100959 applied for July 2014. I received one interview for the Transportation Officer and no interviews for the Detention Officer positions. My credentials were very strong in satisfying all job descriptions. I worked for the Charleston County Detention Center where I had to leave for personal reasons that have been resolved. Upon leaving, Lieutenant Grant said he was sorry to see me go because I made a good officer. I drove for the US Postal Service for 30 years with an accident free record. I worked 8 years for the State of Florida as a Driver's License Examiner where I was third highest in productivity in an office of 15. I am a service connected veteran where my former rank was Sargent E5 squad leader where I was in charge of seven men. My evaluations from Charleston County were higher than average and I feel with my qualifications I should have received a position. I am a service connected veteran and with my training and background I would like to be considered for a position.

Thank you for your time and consideration in this matter.

Sincerely,

Leonard Weizer
