Evidence-Based Care Leadership Congress

Hi Tony,

The Journal of Clinical Pathways' Editor-in-Chief recently published this article stating that "we must all work together to define the value-base equation, and subsequent 'value-based care.' Clinical pathways play an integral role towards this effort."

Evidence-based care, of which clinical pathways is an essential component, is not just an integral piece but is the backbone of cost-effective, high quality healthcare! Therefore learn from CMS, CrystalRun Healthcare and other at-risk providers to leverage evidence-based care—no matter what the therapeutic area—at the inaugural **Evidence-Based Care Leadership Congress** in Atlanta, GA on **June 27-28, 2016**.

Featured Session:

HOW A MULTI-SPECIALTY PROVIDER GROUP WITH AN ACO GARNERED STAKEHOLDER ALIGNMENT TO DELIVER EVIDENCE-BASED MEDICINE IN A VALUE-BASED CARE MODEL

- Overview of fee-for-service multispecialty group practice
- Transformation of group to evidence-based care model
- Quality initiatives to align physicians with value-based care model
- Challenges in making the transition to value-based care in a group practice model

Alan B. Bernstein, MD, MPH, FAAP, President PROGRESSIVE HEALTHCARE CONSULTING and former Senior Medical Director MOUNT KISCO MEDICAL GROUP

Top Reasons to Attend

- Hear directly from CMS Chief Medical Officer Dr. Richard Wild of the Atlanta Regional Office how value-based care is driving the push toward adopting

- evidence-based care and clinical pathways
- Establish methods to narrow the gap between evidence-based guidelines and real world practice from those who have been doing it the longest
- Learn leading edge techniques to reduce care disparities and drive quality
- Take a deep dive into stepwise solutions to improve protocol adherence and track cost, quality, and outcomes along the continuum of care
- Learn to articulate the link between the move from volume-to-value and the role of clinical pathways and care coordination
- Develop implementation strategies to improve information exchange between hospitals, providers, and plans to improve care coordination
- Cross-pollinate best practices from different areas of care
- Learn communication strategies to onboard and engage patients, providers, payers and all stakeholders into best quality of care
- Access concrete tools and takeaways including templates, white papers, and guidelines so you leave the conference ready to implement this cutting edge knowledge!
