Quote from Governor Nikki Haley, "Obamacare continues to be a disaster for our health care, our economy, and our budget. In South Carolina, we will continue to work around it as best we can, finding better ways to make health care more affordable and give patients more choices. I continue to support our federal delegation's efforts to replace this terrible law."

Chaney and Rob,

The Supreme Court just upheld subsidies for health insurance customers in *King v. Burwell*. This means 154,000 people in South Carolina can continue to receive financial assistance to pay for their ACA policies. I need reaction from the governor's office. Does Gov. Haley consider this good news for South Carolinians, even though it's technically a win for Obamacare supporters?
