Tony:

I think 15 minutes and 15 minutes Q/A should do it. We have new members at square one who will

need to know who you are etc., how programs are administered, what your oversight accomplishes.

Others need to know about legislation, its impact on the aged and how we can help push services

forward. The usual, no need for bells and whistles. Thank you for coming. Marjorie

Marjorie,

Thank you for the invitation. I am available on July 18. What amount of time are you planning for the presentation?

Thanks.

+/- 1:00 pm in Room 112, Blatt Building. We are hopeful that your schedule will accommodate your

appearance this year since we especially missed hearing from you last year. Please advise. I am at
