Top 5 ways to Help Sea Turtles!

*Fill in your holes before you leave the beach- holes can trap turtles.

*Smash your sand creations before you leave the beach- these create obstacle courses for turtles.

*Use a boardwalk to reach the beach and stay off the sand dunes (hills of grass that are critical nesting habitat for turtles).

*Pick up trash- turtles mistake plastic for jellyfish.

*Attend Totally Turtle Day at Myrtle Beach State Park on Saturday, May 7 to learn more! Programs run 10 am to 2 pm. Free with park admission.
