Good Evening! My family is becoming Ultimate Outsiders (and we've got my parents hooked now) and it's been an absolute joy so far seeing everything SC State Parks have to offer. At each location, the rangers have been great, too! But at my wife and my 35th State Park we witnessed how truly amazing a SC State Park Ranger can be. While tending to the wounds of a small boy, a ranger at Hunting Island, heard cries of help from the rocks nearby. 3 people had gotten swept into rocks and were being slammed by waves. The Ranger (Anthony Redman) jumped into action and went across the rocks and rescued all 3, pulling them to safety! He truly was heroic, and just another reason why we have loved our journey!
