Subject: Patriot's fax to Senator McConnell

Patriot,

Imagine the look on Mitch McConnell's face when his fax machine running nonstop for several days . . .

. . . FLOODING his offices with over 10,000 faxes from grassroots patriots like you demanding Congress work with Donald Trump to "Drain the Swamp."

That's exactly what Principled PAC has planned as the first step of our Drain the Swamp program to force McConnell to Drain the Swamp of corruption and cronyism in D.C.

And Patriot, I'd really like your name to be among the faxes to Mitch McConnell's office.

But earlier today when looking through the list of faxes, I noticed you haven't yet signed your petition.

Please help in the following three ways before midnight tonight:

- 1) **Sign your "Drain the Swamp" petition so your name can be among the faxes Principled PAC staff FLOODS McConnell's offices with in the New Year;**
- 2) Take a moment and forward this email to your entire contact list and ask them to help Drain the Swamp by signing their petition;
3. **Please chip in a generous contribution to help fund our efforts to force**

[Congress to work with Donald Trump to Drain the Swamp.](#)

Time is running out to get your name in before midnight.

Thank you in advance for your support.

Together, you and I can help do our part to Drain the Swamp!
