Subject: FW: SCDOT fuel conservation - - internal messaging

Here is what I am sending out to all SCDOT employees and attached is the memo sent just to our field operations:

"Due to the fuel pipeline rupture and potential disruption in the motor fuel supply in the Southeast including some sporadic outages of fuel in some areas of the state, SCDOT employees are encouraged to proactively engage in fuel conservation measures such as carpooling and postponement of non-essential travel. Engineering leadership will be working closely with our field operations in order to implement the appropriate fuel conservation measures at the county level. Thank you for your cooperation and we look forward to the full restoration of the fuel supply for the southeast within the next 5-14 days."

Thanks,  
*Christy A. Hall, P.E.*  
Secretary of Transportation
