Department of Health & Human Services
OFFICE OF THE DIRECTOR

Dear Mr. Clemmons:

I had a telephone conversation, March 4, 2011, with Ms. Janet Giles. It concerned the enclosed self-explanatory February 17 and 26, 2011 letters to Mr. Anthony E. Keck, copies to Governor Nikki Haley.

She suggested I contact MEDICARE on the HUMANA matter which is important to me.

That prompted my call to your office and discussion with Ms. Heather Ammons, She asked that I furnish documentation on my correspondence involving HUMANA for review and implementation.

The highlights appear in the above mentioned February 17 enclosed letter to Mr. Keck. Copies of letters referring to EXHIBITS A-F are enclosed.

N.B. The multi-paged(10) attachment in EXHIBIT B is not included but available.

Also included are copies of the February 22 HUMANA reply to my February 11 letter, as well as my February 26 acknowledgment. This correspondence was exchanged after February 11.

I welcome the review and cooperation of Ms. Ammons in the satisfactory resolution of my query.

Sincerely,

Eugene C. McKeon, Jr.

Ok...do you want me to e-mail CMS and ask them to get involved and review the situation? They have a complaint e-mail/fax#. They are the ones that need to get involved in this, and I referred him to the Regional CMS Office when I spoke with him. I gave him the 1800-Medicare # as well as the Regional CMS #.

I think you were all cc'd on all of my e-mails, but I will send them to Annie again.

Janet

Hi Janet-

The man who you called who has been sending letters to the Governor, Director, and now Congress, hasn't seemed to understand the message despite your efforts. We received another letter from him Monday, so I would like to just attach your string of emails to this copy so we have a record of your efforts. That way we won't spend any more of your valuable time. Please send the emails to Annie and she will print and give to Jan/Brenda to file up here. No rush. Thanks again. BZ

Hi Janet-

I am going to put a couple letters for your review in my box on 11th. Please review and discuss with Val to see what your thoughts are about contacting this individual 2-way or not. The first letter came when Emma was here, now one directed to Mr. Keck. Lots of stuff on Humana to sort through. Please feel free to confer with our ace consultant, Mr. Assey, and let me know your plan of action. Many thanks-

BZ,

I have the letters, and this appears to be a Medicare issue; however, I am unable to determine whether he is a Medicaid recipient or not, since he gave no identifying information. Nothing comes up when I try to pull him up by name in the FRX POS system. I have contacted one of my contacts at Humana, since he did give his Humana ID#, to request his telephone number at least. I tried looking him up in the white pages online, but there is a charge for getting the telephone number....
If he is not a Medicaid recipient, then this would be a Medicare issue. I'll see what Humana says and get back with you.

BZ,

I have not received a response from Humana. If I don't hear from them by tomorrow, we may want to consider just sending Mr. McKeon a written response asking him to contact me. That way I can determine whether he's a Medicaid recipient or not, and whether or not there's anything we can do to assist him.

I just heard from him, and I am supposed to call him tomorrow. He won't give me any information until he calls the member to get authorization to give me his phone number. He wants to know if we can send him a copy of the letter we received... Since one of the letters has the name of the person at Humana that researched this, I told him he may be able to get a copy of all letters from that person.

Thanks,

BZ,

I spoke with Mr. McKeon just now, and he is not a Medicaid recipient. I advised him to call 1-800-Medicare, and if he doesn't get it resolved, he can call the regional CMS office in Atlanta, at 404-562-7500. They handle Medicare issues/problems.

Do you want me to draft a response to his letter reiterating our telephone conversation?
