It appears this is an old and recurring issue that has been investigated previously. It dates back to the 1990's. I will check with our investigation staff and give Hal a call later this afternoon.

Director,

Does this make any since to you? If it doesn't let me know and I handle this. If it does please respond to Hal Peters.

Who is the appropriate person to handle this, see attached? Should it be sent over to the Department of Insurance?
