---

Amy – this is going to be the voice over for the PSR video. Can you review and make sure it's accurate?

Should we put the Foundation in the first paragraph? I just don't want to leave anyone out. Thoughts?

"We were thrilled four years ago when Team South Carolina came together to save the Heritage. RBC agreed to be the new title sponsor, while Boeing and the town of Hilton Head Island also stepped up to the plate to make sure nothing happened to this great South Carolina event.

This is just one example of the great work that Team South Carolina does.

This past year alone we announced nearly five billions dollars of investment creating more than seventeen thousand new jobs at companies such as GE, Benefitfocus, and Element Electronics.

**Companies like these continue to invest in South Carolina in part because we have a workforce that can step up to any challenge.**

We build things in South Carolina. We build planes at Boeing. We build automobiles at BMW and Mercedes-Benz Vans. We're the number one tire producer in the nation, with Michelin, Bridgestone, Continental, and soon Giti. The largest carbon fiber manufacturer in the world, Toray, is coming here too.

That's Team South Carolina at work, and we won't stop working to make sure every day is a great day in South Carolina."
