**Subject:** Final Webinar Reminder: The Ever-Changing Role of Government Websites

---

Hi Tony

The purpose of government websites has changed significantly over the last decade, and the expectations on the horizon look even more exciting.

With this in mind, I invite you to join Granicus' upcoming webinar: *The Ever-Changing Role of Government Websites*, tomorrow at 11 a.m. Mountain Time.

I'll be joined by **Scott Nelson, Webmaster for the City of Santa Barbara, Calif.**, to discuss how governments can utilize their websites to meet the demands of changing citizen expectations, resulting in happier constituents and staff alike. We'll also offer a demo of Granicus' newest offering, CivicaCMS!

**Register Here**

Hope you can make it!
