Hi Christian. Wofford College is another potential option for the administrating agency. We have a good working relationship there and know them well and so would be happy to explore that option if needed.

For the next meeting date, I would say early second quarter.

Julie,

Quick question – do you know when the next meeting of the energy efficiency group will be? If there's not a firm date, just a rough sense would be fine.

Also, Leighton relayed your thought that the Sustainability Institute would make sense as an applicant if the prospective grantee requires that it be a (c)(3). I agree. Thanks.
