Good morning,

Yesterday, we held the third webinar in our series of webinars focused on the National Core Indicators-Aging and Disabilities (NCI-AD) project. This month, representatives from the Ohio Departments of Aging and Medicaid shared their experience conducting the pilot survey in Ohio. We discussed the importance of working with your state Medicaid office, how to claim Medicaid Administrative Match for NCI-AD survey work, and how NCI-AD data can be used to demonstrate compliance with the new HCBS requirements.

A copy of the September 4<sup>th</sup> PowerPoint presentation and an audio recording can be found on the NASUAD website [here](#), at the bottom of the webpage.

Please feel free to contact me with any questions you may have.

Thank you,

**Kelsey Walter**
