---

Martha,

FYI – Yesterday I provided Chairman White the latest version of Sen. Peeler's amendment at his request. The Governor met with him and Murrell Smith to talk about CON yesterday afternoon. They know we would like them to introduce a bill and that we support Sen. Peeler's amendment. We also talked about the other proposal that Blue Cross supports.

Happy to discuss further with you today.

Swati

**Subject:** revised CON

The attached draft includes the change from this morning. I just took the section from DHEC and put it as Section 1 -- numerically this is where it fell.

Thanks!  
Martha
