Is there a new refugee resettlement organization opening in McBee?

Hi Mr. Glaccum,

You were kind enough to email me an update from Gov. Haley's office about the refugee resettlement issues here a few weeks ago. It seems that every day there is more news on refugee resettlements in America, and none of it is good news for us.

Americans could use our money much more wisely by keeping refugees in camps near their home country, so when the day comes that conflict is over, they may go home, instead of being in a land that is so different from their own, and where they will not fit in. Our state and country have enough obligations with fixing roads, Obama's failing Affordable Healthcare, unemployment, manufacturing jobs leaving the country, a failing education system, veterans needing help, and so many other problems.

We shouldn't have to worry about getting tuberculosis.

I hope to hear back from you better news from our governor on the refugee resettlements in our state. **I see there is to be a new one in McBee, SC.** Anne Richard of Sec. Kerry's office told folks at a meeting in Spartanburg that no resettlements would be placed where the community does not welcome them. Was anyone in McBee, SC even told about the resettlement plans? If so, who?

Thank you for your help on this very important matter.

Debbie Jones
