Dear Governor Nikki Haley,  
My name is Queen Witherspoon.  
I know that I will never  
here from you, I'm just one  
person from a small one  
light town.

My problem is trying to  
understand why after doing  
everything I was suppose to-do  
growing up, worked all of  
my life, started at age 17  
until 2005, I'm now 62.

I now get disability. Why  
am I only getting \$753.00  
total \$19.00 on one. The some  
amount that someone get's  
that has never work. I  
get \$16.00 in food stamps.

I put into the system  
so that when this time  
came I could get my money,  
was it all for nothing??

I have grand children

that I havn't seen in ten years because I can't save enough money.

A student loan \$2,838.00 that never go down, why is that ??

I can't get my trailer fixed because the land is in my sister's name. I'm from room to room, pouring out water. I can't afford to put freon in my AC, not enough money after I pay my bills.

I need help, please help me, if you can't please let someone from your office look into my problem please, help me please. After all I worked for it. Then I can go to Chicago on see my Grands.

Thank You  
Queen Elizabeth
