Keep Me Wild!

Let's all do our part and help keep SC State Parks wildlife safe and healthy! Here are some tips to keep in mind on your next outing:

- \*Feeding wildlife changes the natural behaviors of wild animals.
- \*Human food is unhealthy for wildlife.
- \*Feeding wildlife causes them to lose their natural fear of people.
- \*Fed wildlife can become a danger or nuisance to people.
- \*Store all food in vehicles or campers (never a tent).
- \*Raccoons are experts at getting into coolers & tents!
- \*Always throw out any garbage on a nightly basis and close the garbage lids.

**Peter Bental Kear** But what about when the park itself is doing the feeding? Look for it to start at 0.27 <https://www.youtube.com/watch?v=Lksc2B-VR3E>

**Vickie Phillips** I would have guessed Hunting Island. They'll walk right up to you in the daylight.

**Gary Chumley** You have to admit though that they are actually beautiful furry animals that God gave us.

**Peter Bendal Kear** LOL we were at Hunting Island pier again this evening and someone had left a sign and a vase of flowers by the nature center door. The sign said Happy Birthday to someone and was real pretty with candies glued to it. Of course this was before dark. After dark well one of those masked bandits was going to town.
