Message:

Dear Governor Nikki Haley, My name is James Maxwell Trammell and I am very interested in government and politics on a state level. I go to a boarding school and am away from home for most of the year, but I find myself with very little to do during the summer season. I am extremely interested in being involved in state politics this summer if that is at all possible. I am interested in summer internships whether paid or unpaid, whichever is available. My skills include: proficiency in Microsoft Office as well as the Apple Office suite, I am very good at communicating information face to face as well as over the phone, another one of my skills is that I am very relatable and easy to speak to in any situation.

Please consider allowing me to intern for you or your office this summer,

Regards,

James Maxwell Trammell
