Public Works, Buildings and Grounds Committee (Honorable Frank Nutt, Chairman)

- A. Mr. Nutt stated that at the last Council meeting in the month of August, Council had discussion about sewer service in the area near Abner Creek Road and Abner Creek. Council left it with Staff to go to the Spartanburg Sanitary Sewer District and obtain some legal description of the area that Council in 2004 made a motion to dedicate to the Greer Commission of Public Works for sewer service. A controversy has come up about annexation and requirements for sewer service if that area belongs to the Commission of Public Works in Greer. The majority of Council decided to rescind what Council did two years ago. Today, a full discussion was held about different boundaries where this might go. Information was presented by Mr. Graham Rich, Spartanburg Sanitary Sewer District; Mayor Rick Danner, City of Greer; and Mr. Randy Garrett, Director of Governmental and Industrial Affairs, Laurens Electric Cooperative, and also a representative of the citizens in that area. Out of these discussions, Mr. Nutt made a recommendation that Council stay with what they proposed last month which is to rescind their action of 2004 and further to ask the Spartanburg Sanitary Sewer District to have that annexed into their district. Mr. Edwin Haskell stated that the first action would be to make a motion to rescind the previous

action taken by County Council on June 14, 2004, where Council by motion approved the recommendation from the Water and Sewer Advisory Committee to authorize the Greer Commission of Public Works to provide sewer services to Spartanburg County within the area between Highway I-85 South on Highway 101 to Highway 296 and West to the Enoree River, turning North following the Enoree River to I-85; and to request that the Spartanburg County Delegation pursue Legislative Actions to annex this same area into the Western Carolina Regional Sewer Authority Service Boundaries, and also to rescind Resolution Number R-06-18 adopted by County Council on May 15, 2006, clarifying the previous action by Council that it was the intent of County Council that its previous action related solely to the provision of sewer service and that Spartanburg County Council did not intend, nor is it its current position, that the provision of sewer service in that area by the Greer Commission of Public Works be conditioned upon the area being annexed into the municipal boundaries of the City of Greer. The motion would be to rescind those two previous actions by Council.

- B. Motion made by Mr. Nutt to rescind previous actions by Council on June 14, 2004, and May 15, 2006, which are described above in item A, related to the provision of sewer services by the City of Greer in certain area of Spartanburg County. Motion seconded by Mr. Adams and carried. Mr. Huckaby opposed.
- C. Motion made by Mr. Nutt to adopt a Resolution calling for a public hearing on the annexation of the previously described area between Highway I-85 South on Highway 101 to Highway 296 and West to the Enoree River, turning North following the Enoree River to I-85 into the Spartanburg Sanitary Sewer District. Motion seconded by Mr. Adams and carried. Mr. Huckaby opposed.
