

The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton St.

Dear Honorable Governor Haley,

My name is Kyania Jackson and I am a sophomore at South Pointe High School in Rock Hill, SC.

I am doing an inquiry project on the lack of voting, and doing my research I found that they don't vote. Because they feel as they vote doesn't help, and some people are too busy to vote. 93% of people do vote in the world today, but others find it pointless.

I really like to see more options or what we could do to get people to vote.

Thank you for your time and considering my request.

Sincerely,

Kyania Jackson
